

MAGYAR SZEREPLÉS A 2016-OS ESC KONGRESSZUSON RÓMÁBAN

Az Európai Kardiológusok Társasága idén augusztus 27-e és 31-e között rendezte meg éves kongresszusát Rómában. Részvétel tekintetében sikerült megdönteni a tavalyi londoni rendezés rekordját. Idén 27928-an utaztak Rómába, a világ legnagyobb orvosi kongresszusára.

A Magyar Kardiológusok Társaságának 232 tagja vett részt a kongresszuson. A kongresszusra 11138 absztrakt került beküldésre, melyből 4591-et fogadtak el. Hat üléselnökséget, kilenc előadást és harminc posztert mutattak be magyar kardiológusok. Tizenkilenc posztert a Városmajori Szív- és Érgyógyászati Klinika, négyet a Pécsi Tudományegyetem, hármat a Debreceni Egyetem, kettőt a Szegedi Tudományegyetem és egyet-egyet a Honvédkórház és a Szent Imre Kórház munkatársai mutattak be.
